## **JOSH VITT - SANMAR**

---

Josh is our sales representative for SanMar. SanMar is a supplier that specializes in apparel like t-shirts, polos, and active wear for schools, 500+ companies, small businesses, communities and so many others. Josh has been in the promotional industry for 25 years now! He began in sales after college and was made responsible for accounts in the Texas area.

This industry is literally his entire life, but he wouldn't have stayed in this industry if he didn't enjoy it of course! One thing he really enjoys about SanMar is how it really feels like a family business. Everyone is treated like family and the customer service they provide is something he stands by as well. He says,

*"We are always wanting to do right by the customer"*

And we can agree that their customer service are one of the many reasons we love doing business with Josh. While he has several favorite products, especially Nike Polos, his tried and true is the District Perfect Tri-blend T-shirt that he states takes up over half of his closet.

Josh's outgoing and obliging personality makes ordering from him a enjoyable. He cares so much for others and is always wanting to do the best he can to please his clients. Thank you Josh for your continued support!
